

Publications Workshops

Our publications workshops give students and early-career professionals hands on training to build writing, design, presentation, and other communication skills to engage with the scientific community with confidence. Each 2-hour session combines expert instruction, guided activities and targeted feedback.

NEW! Designing Impactful Tables and Graphs

Learn how to spot and fix poorly designed tables and graphs, then apply practical design principles to create clear, effective figures that strengthen your papers and presentations.

Monday, Nov. 10, 10:00 AM - 12:00 PM
Tuesday, Nov. 11, 10:00 AM - 12:00 PM

NEW! Taking Better Photographs for Your Articles and Presentations

Learn how to use lighting, composition, and utilize storytelling to capture images that communicate science clearly and persuasively. Bring your phone or camera for hands-on instruction.

Monday, Nov. 10, 8:00 AM - 10:00 AM
Tuesday, Nov. 11, 8:00 AM - 10:00 AM

Creating the Materials and Methods Section of a Manuscript

Learn practical strategies to write clear, detailed, and professional methods sections that make your research reproducible. Hands-on activities included. This workshop requires the completion of a pre-workshop assignment.

Monday, Nov. 10, 2:00 PM - 4:00 PM
Tuesday, Nov. 11, 2:00 PM - 4:00 PM

Introduction to Peer Review

Build confidence as a reviewer with hands-on guidance from experienced mentors and practice alongside peers in your field. This workshop requires the completion of a pre-workshop assignment.

Sunday, Nov. 9, 12:00 PM - 2:00 PM
Wednesday, Nov. 12, 8:00 AM - 10:00 AM

Simplify Your Professional Writing

Learn to make complex ideas easy to read by writing concisely, cutting jargon, and improving readability with practical Word tools. Bring a laptop and a sample of your work.

Sunday, Nov. 9, 2:00 PM - 4:00 PM
Wednesday, Nov. 12, 10:00 AM - 12:00 PM
