Wyant testifies before House Ag Committee

July 31, 2025

Dr. Karl Wyant, CCA/CPAg and Nutrien Director of Agronomy, testified before the U.S. House Committee on Agriculture on July 22, 2025.

Dr. Karl Wyant, CCA/CPAg and Nutrien Director of Agronomy, testified before the U.S. House Committee on Agriculture on July 22, 2025. He talked about plant biostimulants and their value in improving soil health, crop production, and environmental outcomes and advocated for a bill that clearly defines plant biostimulants to improve regulatory clarity.

During a meeting of the U.S. House Committee on Agriculture on July 22, 2025 to discuss past breakthroughs and innovations in crop production, Dr. Karl Wyant, CCA/CPAg and Nutrien Director of Agronomy, was invited to speak. Wyant, who is the current chair of the ICCA Board of Directors, talked about plant biostimulants and their value in improving soil health, crop production, and environmental outcomes and advocated for a bill that clearly defines plant biostimulants to improve regulatory clarity.
