Science Societies

Cast your vote March 2–April 2: ASA, CSSA, and SSSA elections

February 11, 2026

> Your voice matters in our Societies, and now is the time to make it heard. Embrace the opportunity to influence the future of our Society leadership by participating in the upcoming elections for president-elect, board of directors, division/section chairs-elect, and community vice leader.

Your voice matters in our Societies, and now is the time to make it heard. Embrace the opportunity to influence the future of our Society leadership by participating in the upcoming elections for president-elect, board of directors, division/section chairs-elect, and community vice leader. The 2026 president-elect candidates are:

- ASA
  - Thomas DeSutter, North Dakota State University
  - Stella Salvo, Bayer Research & Development Services

- CSSA
  - Marisol Berti, North Dakota State University
  - Robert Stupar, University of Minnesota

- SSSA
  - Daniel Markewitz, University of Georgia
  - Dorivar Ruiz Diaz, Kansas State University

Explore the candidates, read their bios by clicking “preview ballot” and then “view all biographies,” and cast your vote by April 2 at:

- www.agronomy.org/elections
- www.crops.org/elections
- www.soils.org/elections

For SSSA elections, review and update your division selections before you vote at: www.soils.org/account/divisions/sssa. For ASA community elections, review and update your community selections before you vote at www.agronomy.org/account/communities/asa.

Diverse perspectives, inclusive leadership

We actively seek leaders with diverse backgrounds. If you have dreamed of making a difference, consider running for office in the future. Self-nominations are welcomed and encouraged! Connect with a division or section chair this fall and let your aspirations blossom.

Be a leader, uphold excellence

Aspiring leaders are expected to adhere to the highest standards. Familiarize yourself with our Code of Conduct, Statement of Ethics, and Diversity, Equity & Inclusion Statement.
