Science Societies

Coming in August: The Agronomy Conference & Expo

Qualified retail agronomists or independent CCAs eligible for complimentary registration

May 12, 2026

If you are participating in ASA's Sustainable Agronomy Conference in July, The Fertilizer Institute's 2026 Agronomy Conference & Expo, August 24-26, in Indianapolis, offers an in-person opportunity to continue those conversations through practical education, networking with industry peers, and on-farm demos. As a member of ASA, qualified retail agronomists or independent CCAs are eligible for complimentary registration.

Please complete this form to request complimentary registration. The main registration page can be found here.
