Be a part of the CANVAS 2025 program!

Submissions open for special sessions, tours, workshops, and SSSA cross-divisional symposia

February 25, 2025

Share your expertise, passion, and connections by hosting a special session, SSSA cross-divisional symposia, tour, or workshop at CANVAS 2025 in Salt Lake City, UT, Nov. 9–12, 2025. Anyone can submit a special session, tour, or workshop. Special session topics must appeal to a multi-organizational audience. Tours should allow your peers to gain behind-the-scenes access, and workshops should offer hands-on experiences. SSSA cross-divisional symposia can only be proposed by SSSA members.

Submit today to gain professional recognition, share information for all to succeed, and foster collaboration with your peers. Learn more at www.acsmeetings.org/submit-special-sessions. Submit special sessions and SSSA symposia online now through February 28 and tours and workshops through April 4.
