Reminder for CANVAS registrants that CANVAS 2026 is November 1-4, falling at the same time as the general election on November 3. If you're going to CANVAS, you will have to vote early or absentee. Make sure you have a plan to vote before you go! Check your registration status and review key dates and deadlines for absentee and early voting.

Voting is restricted to U.S. citizens

Non-citizen members: Please do not register or vote in U.S. elections, as doing so may put your status at risk. **Students:** If you have questions about eligibility, please contact your International Student Office.
